But a combination of the EXTRACT OF CELERY AND CHAMOMILE, which has been but recently introduced to the profession and the public by myself, has produced such marvelous results in curing nervousness and headaches, neuralgia, indigestion, and sleeplessness, that it had excited public attention and newspapers comments, and therefore, I gave the following information to the public to avoid answering hundreds of letters o inquiry about them:

My celery and Chamomile Pills, for the cure headaches and nervousness, are prepared under my supervision, and are intended expressly to curs headaches, neuralgie, indigestion, sleeplessness, and nervousness, and will cure any case where no organic disease of the brain or spinal cord exists. Hundreds of cases of many years' standing have been cured. No matter how chronie or obstinate the case may be, a permanant cure is morally certain, This statement is made after years of experience in their use in the general practice of medicine.

These pills are also valuable for school children who suffer from nervous headaches, caused by an overworked brain in their studies, and for all classes of hard brain workers, whose over-taxed nervous centres need repair and sedation. Nervous tremor, weekness, and paralysis are being oured by these pills. They correct costiveness, but are not purgative. Directions on each box. Price, 50 cents, or six
